VERSE 2: The streets deserted and cold
 They're not paved with gold
 But I don't care
 For those who think young will still survive
 Making their move
 Hoping to prove
 That they can face
 This big city small world big time.

VERSE 3: But now I know their ways
 I found my place
 Saw their true face
 There's nothing to stay for so I'll go
 I'll pick up the phone
 Still searching for home
 We live so fast alone but not lonely I move on.
